

# ISO STARTER

If you are not sure how to implement ISO 9001:2008 in your company; *this comprehensive kit can help you.* Designed by veteran ISO experts Doug and Carole Anton of AEM Consulting Group, this installation kit has what you need to gain a solid understanding of the process, and undertake your successful ISO 9001 implementation.

THE FOLLOWING ITEMS ARE CONTAINED IN THE ISO 9001:2008 INSTALLATION KIT:

## VIDEO CD

The **mini CD video** contains a 20 minute presentation by Doug Anton. He explains how ISO 9000 fits in with your company's efforts to select improvement systems.

## ISO EDUCATION KIT\* AUDIO CDS AND WORKBOOK\*\*

The comprehensive **Making ISO Quality Systems Work** contains practical methods and proven techniques for a successful ISO 9001 implementation.

## ISO SLIDES

The **ISO 9001 Survival CD Slide Presentation** is an excellent employee training tool. It helps get everyone on board for the registration process.

Works with or without Microsoft Powerpoint®

## BOOKS

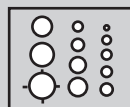

**Five ISO 9001 Survival Guides**  
By Doug & Carole Anton  
Designed for management and personnel at all levels. It helps with understanding and implementing ISO, preparing for registration, and the final audit. This book breaks ISO into manageable steps while keeping sight of the big picture

## ISO 9001:2008 Internal Audit Workbook

Helps your internal audit team understand the process and complete the audits.

## ISO 9001 SURVIVAL SOFTWARE TEMPLATES\*

The **software templates CD-ROM** will save you time during your Quality Management System documentation and implementation. These are proven time and resource savers.

This CD comes with a companion workbook containing all the procedures, forms, checklists, and instructions.

\* More information available on these individual products. \*\* From one of Doug Anton's ISO workshops.
