

Made from heavy duty ABS plastic.
Brilliant laser printed artwork.
Stands up well in light commercial/industrial areas.

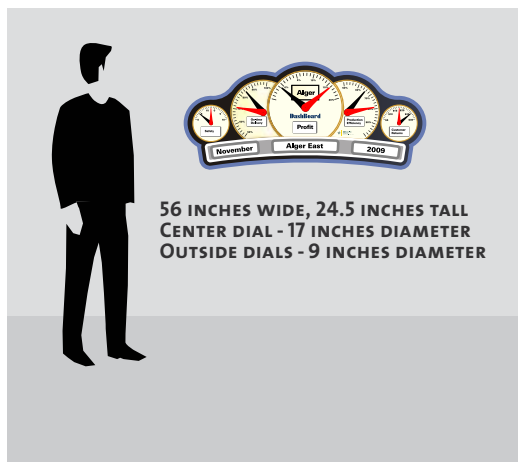

“WE HAVE SEEN MANY POSITIVES AT TRIPP PLASTICS SINCE WE INSTALLED THE DASHBOARDS IN EACH DEPARTMENT. FOR ONE, OUR EMPLOYEES KNOW AT A GLANCE HOW THEIR DEPARTMENT IS DOING, EVERY WEEK. SECONDLY, SEVERAL OF OUR SUPERVISORS TALK ONE-ON-ONE TO THEIR EMPLOYEES SO THAT THEY KNOW WHAT ROLE – POSITIVE OR NEGATIVE – THEY’RE HAVING ON THE DEPARTMENT’S SUCCESS. LASTLY, THE DASHBOARDS HAVE SPAWNED A HEALTHY INTERDEPARTMENTAL RIVALRY, WHERE EMPLOYEES OF ONE DEPARTMENT WANT TO DO BETTER IN ALL CATEGORIES THAN THE DEPARTMENT NEXT TO THEM. WE’RE CONVINCED THAT USING THE DASHBOARDS IS THE WAY TO GO WHEN IMPLEMENTING LEAN MANUFACTURING.”

HOWIE TUNE
SALES MANAGER
TRIPP ENTERPRISES, INC.

DashBoard

- Easily measure and display your company’s goals.
- Keep your employees focused on results.
- Very visible, easily updated and customizable to your needs.
- Directly supports ISO 9001, ISO 13485 and AS9100 requirements. It’s also a great tool for lean, six-sigma and process improvement in general.

Just measuring performance can improve it 10% - 15%. Yet many companies are limited in the communication of key objectives and measurements. That is where the DashBoard comes in. This communication tool gets employees’ attention and helps them focus on the goals of the company or department. The more everyone understands the objectives and their responsibility to contribute, the more wide spread and deep improvements run.

DASHBOARD INCLUDES

- Removeable label kit for inkjet printers.
- A CD with:
 - AEM Measurement Tool for MS Excel.
 - Effective Measurement article.
 - Labeling Template for MS Word.
- Instructions and suggestions for use.

Affordable support options are also available to help you set up company metrics, gather & analyze data and educate employees.
